In re: Meg Fenn, APRN — Petition No. 2008-0411-012-002
Meg Fenn, RN — Petition No. 2008-0411-010-042

STATEMENT OF CHARGES

Pursuant to the General Statutes of Connecticut, §§19a-10 and 19a-14, the Department of Public Health (hereinafter "the Department") brings the following charges against Meg Fenn:

COUNT ONE

1. Meg Fenn of Prospect, Connecticut (hereinafter "respondent") is, and has been at all times referenced in this Statement of Charges, the holder of Connecticut APRN license number 001838 and Connecticut RN license number E53716.

2. At all relevant times, respondent was employed as a Director of Clinical Services by J & L Medical services, a durable medical equipment company in Waterbury, Connecticut.

3. On or about April 9, 2008, respondent falsely obtained a prescription for Vicodin.

4. The above facts constitute grounds for disciplinary action pursuant to the General Statutes of Connecticut, §20-99(b)(2).

COUNT TWO

5. Paragraphs 1 through 3 are incorporated herein by reference as if set forth in full.

6. On or about April 17, 2007, the Connecticut Board of Examiners for Nursing (hereinafter "the Board") ordered a Consent Order in Petition Number 2006-0317-012-001 and Petition Number 2006-0317-010-022 (hereinafter "the Consent Order") that placed respondent's APRN and RN licenses on probation for a period of four years. Such disciplinary action was based upon respondent's admitted diversions of Fentanyl and Midazolam, and failure to completely, properly and accurately document hospital records.

7. Said Consent Order specifically provided that respondent shall not obtain or use controlled substances unless prescribed by a licensed health care professional. In addition, said Consent Order provides that respondent must submit to observed random drug screens which shall be negative for the presence of drugs and alcohol unless prescribed by a license health care provider.

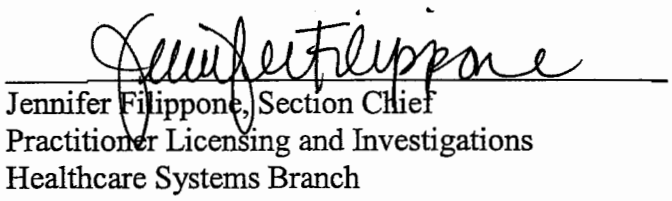
8. On or about July 31, 2007, November 9, 2007, and November 15, 2007, respondent tested positive for Tramadol, for which she did not have a prescription.

9. Respondent's conduct as described above constitutes violations of the terms of probation as set forth in the Consent Order, and subjects respondent's license to revocation or other disciplinary action authorized by the General Statutes of Connecticut, §§19a-17 and 20-99(b).

THEREFORE, the Department prays that:

The Connecticut Board of Examiners for Nursing, as authorized by the General Statutes of Connecticut, §§20-99(b) and 19a-17, revoke or order other disciplinary action against the APRN and RN licenses of Meg Fenn as it deems appropriate and consistent with law.

Dated at Hartford, Connecticut this 28th day of April 2008.



Jennifer Filippone, Section Chief
Practitioner Licensing and Investigations
Healthcare Systems Branch
