

STATE OF CONNECTICUT
BOARD OF EXAMINERS FOR NURSING

Leanne (Montagano) Beveridge
RE: Registered Nurse License No. E54184

MEMORANDUM OF DECISION

Procedural Background

Leanne Montagano Beveridge (hereinafter "petitioner") was issued registered nurse license number E54184.

Pursuant to Memorandum of Decision dated September 17, 1997, the Board of Examiners for Nursing (hereinafter "the Board") ordered the revocation of petitioner's registered nurse license.

In a letter dated November 17, 2003, petitioner requested that the Board reinstate her registered nurse license. Board Exh. 1.

Pursuant to petitioner's request, the Board issued a Notice of Hearing dated March 19, 2004, scheduling a hearing for September 15, 2004. Board Exh. 1.

The hearing took place on September 15, 2004, at the Legislative Office Building, Capitol Avenue, Hartford, Connecticut. Petitioner was present at the hearing but was not represented by counsel. Tr. 9/15/04.

Each member of the Board involved in this decision attests that he/she was present at the hearing or has reviewed the record, and that this decision is based entirely on the record and the Board's specialized professional knowledge in evaluating the evidence.

Findings of Fact

Based on the testimony given and the exhibits offered into evidence, the Board makes the following Findings of Fact:

1. Pursuant to a Memorandum of Decision dated June 15, 1996, the Board placed petitioner's registered nurse license on a three-year probation ("the 1996 Order"), which was based on the Board's finding of petitioner's abuse of the controlled substance Demerol and petitioner's failure to completely, properly, and/or accurately document medical or hospital records. Board Exh. 1.

2. Pursuant to Memorandum of Decision dated September 17, 1997 ("the 1997 Order"), the Board ordered the revocation of petitioner's registered nurse license. The 1997 Order was based on the Board's finding that petitioner failed to comply with the requirements of the 1996 Order by having access to controlled substances, diverting and/or abusing Demerol, and/or falsifying and/or destroying the proof of use sheet for Demerol. Board Exh. 1.
3. Between September 1997 and May of 2003, after petitioner's license was revoked, petitioner started going to occasional AA and Narcotics Anonymous meetings, and did not use any controlled substances. Board Exh. 1.
4. Since 2000, petitioner has successfully owned and operated a pet sitting business. Board Exh. 1.
5. In April 2003, petitioner contacted a representative of Nurses for Nurses who encouraged her to attend the meetings. Board Exh. 1.
6. Since May 2003, petitioner has participated in voluntary urine drug and alcohol screening. All results have been negative for the presence of alcohol and/or drugs. Board Exh. 1.
7. Since May of 2003, petitioner has been an active participant in therapy in both Narcotics Anonymous and Nurses for Nurses. Board Exh. 1.
8. Since January 4, 2004, petitioner has attended individual and group addiction therapy at the Family Intervention Center. Rep. Exh. A.

Discussion and Conclusions of Law

As stated in the Notice of Hearing, petitioner has the burden of satisfying the Board that she is able to practice as a registered nurse with reasonable skill and safety by presenting relevant evidence at the hearing, including the following:

1. Evidence from a licensed therapist documenting her drug free status and participation in therapy and counseling;
2. Personal references addressing petitioner's drug free status, emotional health, and work habits;
3. Documentary evidence from petitioner's current and past employers;
4. Documentary evidence of random, legally defensible screens for drugs and alcohol conducted by a therapist or physician;
5. Documentation of participation in support groups.

The Board finds that the petitioner has presented relevant and credible evidence to sustain her burden of satisfying the Board of her ability to return to the practice of nursing under the terms of the Order described below.

Alcohol/drug screening may also be ordered by the Board to ensure compliance with this Order. Random alcohol/drug screens shall be legally defensible in that specimen donor and chain of custody can be identified throughout the screening process.
 - (2) Petitioner shall be responsible for notifying the laboratory, her therapist, the Board, the Department and her prescribing practitioner of any drug(s) she is taking. For any prescription of a controlled substance(s) for more than two consecutive weeks, the petitioner shall cause the provider prescribing the controlled substance(s) to submit quarterly reports to the Board and the Department until such time as the controlled substance(s) are no longer prescribed. - N. Petitioner is hereby advised that the ingestion of poppy seeds may produce a positive drug screen result indicating the presence of opiates/morphine. For that reason, any food substance containing poppy seeds should be avoided during the probationary period. In the event that a drug/alcohol screen is positive for opiates/morphine, the ingestion of poppy seeds shall not constitute a defense to such positive screen.

Any finding that petitioner has violated this Order will subject petitioner to sanctions under §19a-17(a) and (c) of the General Statutes of Connecticut, including but not limited to, the revocation of his license.
