CONSENT AGREEMENT

In concurrence with an agreement with Marion Wm. Edwards, Hearing Officer, Division of Medical Quality Assurance, Department of Health Service, negotiated by my attorney, Jonathan E. Silbert, I, Gerald E. Ulm, R.N., License No. R-33409, do admit that I have violated Section 20-99(b) of the General Statutes of Connecticut in the following respects:

- (1) Illegal conduct in carrying out usual nursing functions;
- (2) Abuse or excessive use of drugs, narcotics, or chemicals;
- (3) Fraud or material deception in the course of professional services or activities;
- (4) Willful falsification of entries in any hospital, patient or other record pertaining to drugs, the results of which may have been detrimental to the health of one or more patients.

I admit further that all of the above-listed violations occurred while I was employed as a registered nurse at one or both of the following long-term health care facilities: (1) Winthrop Convalescent Center, New Haven, Connecticut; (2) Branford Hills Health Care Center, Branford, Connecticut.

I admit also that the acts to which I hereby admit are violations of the statute governing the practice of nursing. And

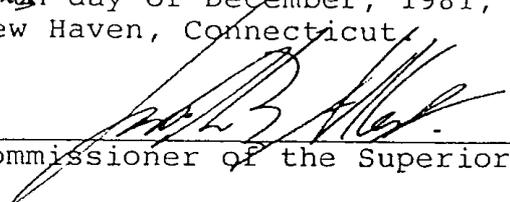

I further agree that I am subject to disciplinary action as the result of said violations.

Accordingly, in order to preclude my having to undergo the rigors of a formal hearing before the Board of Examiners for Nursing, I do voluntarily agree to surrender my Connecticut registered Nurse's license -- No. R-33409 -- until such time, if ever, I return to Connecticut and apply for new license and the Connecticut Department of Health Services or the statutorily responsible licensing agency is satisfied that I am free of drug addiction and otherwise qualified to be licensed as a registered nurse.

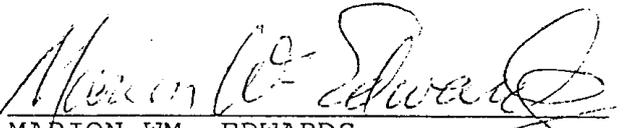

I am aware and agree that this voluntary surrender of my license as a registered nurse is not subject to reconsideration or judicial review.
